

Inquiries Regarding Employment at American Cast Iron Pipe Company (ACIPCO)

On behalf of ACIPCO, thank you for your interest in employment at the new facility being built by ACIPCO at the former Buick City site in Flint. While myself and my office does not have any involvement in the hiring selection of employees at the site, I encourage anyone interested to contact the following individual at Michigan Works with your resume and related information.

Michigan Works

Mr. David Rose

Career Alliance

Phone: 810-233-5974 ext. 349

Email: drose@gsworks.org

Employment at the site for City of Flint and Genesee County residents is important to me, as well as ACIPCO. It is my hope and belief that our residents will find homes with this company.

Regards,

Jeff Wright

Genesee County Drain Commissioner
